AUTOMOTIVE DETAILER

# SOLVAR THE CARE YOU TRUST

**SOLVAR** is more than just a car care brand; it is a symbol of performance, innovation, and reliability.

Manufactured at **Chemix Lab**, a leading facility specializing in high-performance automotive care solutions, Solvar embodies the perfect blend of cutting-edge technology and premium quality to deliver outstanding results.

Since its inception, **SOLVAR** has been committed to developing advanced formulations that provide

deep cleaning, long-lasting protection, and a flawless finish.

Our dedication to excellence has earned us ISO 9001 and GMP certifications, underscoring our adherence to the highest global standards in quality and safety.

## UNCOMPROMISING PERFORMANCE & PROTECTION

**SOLVAR** products are designed to meet the demands of automotive professionals, car wash businesses, and individual car owners who seek effortless yet professional-grade results.

1

### Advanced Chemical Engineering

Precision formulations that effectively clean without damaging surfaces.

2

### Long Lasting Protection

A protective layer that repels dirt, water, and environmental contaminants.

3

### Effortless Application, Professional Results

Whether you're a professional detailer or a car enthusiast, Solvar makes car care simple and effective.

## A LEGACY OF TRUST AND INNOVATION

At **SOLVAR**, we believe car care is not just about cleaning—it's about preserving and enhancing your vehicle's condition over time. That's why we continuously innovate to create high-performance solutions that keep your car looking pristine while offering superior protection.

With a relentless focus on quality, performance, and ease of use, **SOLVAR** has become the trusted choice for those who demand the best in automotive care.

# WHY CHOOSE SOLVAR?

## Advanced Formulations

Developed using state-of-the-art chemical technology to ensure deep cleaning without harming surfaces.

## Long-Lasting Protection

SOLVAR products create a protective shield against dirt, dust, and environmental elements.

## Effortless Application, Professional Results

Designed for both professionals and car enthusiasts, making high-quality car care easy and effective.

## Premium Grade Ingredients

Formulated to meet the highest standards for safety, performance, and durability.

## ISO 9001 & GMP CERTIFICATIONS

### A Commitment to Excellence

At SOLVAR, quality is not just a promise—it's a standard. Our products are manufactured at Chemix Lab, a facility that adheres to the highest global quality and safety standards, ensuring that every product meets and exceeds customer expectations.

### ISO 9001 Certified

This internationally recognized certification guarantees that our production processes follow a rigorous quality management system, ensuring consistent product excellence, efficiency, and customer satisfaction.

### GMP (Good Manufacturing Practices) Certified

Our compliance with GMP standards ensures that all Solvar products are manufactured under strict hygiene, safety, and quality control measures, providing safe, effective, and reliable solutions for automotive care.

## A Message from the CEO DR. AHMED FATOH

At Solvar, we believe that car care is not just about cleaning—it's about preserving value, enhancing performance, and delivering excellence. As a chemist and industry expert, my vision has always been to develop cutting-edge formulations that provide superior cleaning power, long-lasting protection, and effortless application. With years of experience

in chemical research and manufacturing, I have dedicated my career to creating high-performance solutions that meet the needs of professionals and car enthusiasts alike. Solvar is the result of scientific expertise, innovation, and an unwavering commitment to quality.

Our products are not just about aesthetics—they are designed

to protect your vehicle, extend its lifespan, and provide a flawless finish with every use. Backed by ISO 9001 and GMP certifications, we ensure that every Solvar product meets the highest global standards in safety and performance.

Thank you for choosing Solvar—the care you trust.

Dr. Ahmed Fatoh  
CEO & Founder of Solvar

# AUTOMOTIVE WASH SHAMPOO

Penetrates and dissolves dirt without affecting the preserving and protective wax layer on the paint. Cleans all paint, rubber, plastic, vinyl and glass surfaces. Its gentle surfactants are very easy on the paint. Phosphate free.

**QUICK DRYING**

**STREAK FREE SHINE**

**EASY RINSE**

## 01 PURE GLIDE NON-TOUCH WASH

The Best Pre Wash Car Shampoo - Dilution ratio 1 : 200

High-foaming alkaline rim and pre-cleaner with maximum cleaning performance against road dirt, insect residues, grease and oil. Can also be used as an acid-free rim cleaner. also dissolves statically adhering dirt well and is gentle on materials

when used according to instructions.

The foam application produces a dense, fine-pored foam pattern with very good surface adhesion. The mild scent ensures a pleasant atmosphere in the

prewash area of the carwash installation.

Ideal for use in facilities with water recycling systems. Extremely economical due to the high production concentration.
